

# NHC Foods Limited

---

NHC Foods Limited, an ISO 22000-2005 (Food Management System) is a Technology- based, quality- driven & customer -oriented worldwide supplier of a complete range of authentic & finest Ground & Whole Spice products, Medicinal Herbs, oil seeds, chickpeas, raisins, grains and rice etc.

The roots of NHC Foods Limited go back to 1960 with the establishment of N. Himatlal & Co. The Company was founded by Himatlal Shah with the aim of promoting export of Indian spices and foodstuff. In 1986 Apoorva Shah joined the family business. He created a team of dynamic and competent persons with well recognized technical and or scientific background useful to company's business activities and he merged N. Himatlal & Co. into his new venture and named it NHC Foods Limited.

NHC Foods Ltd is a BSE listed company and is accredited with ISO 22000:2005 HACCP Food Safety Management System, and the products are HALAL and KOSHER certified which ensures that all its products are pure, natural & fresh.

NHC Foods Limited has 3 signature brands, **SAAZ** (exotic range of ground, whole & blended Spices), **Indibite** (Cereals and Pulses) & **Eatmore** (Fruit Pulp, Pickles, snacks & Ready to eat products)

Indibite and Eatmore are distributed only in the overseas market where as SAAZ caters to the domestic market. NHC Foods Ltd with all its experience and expertise in **2011 had launched its Brand "SAAZ"**, a complete range of authentic and traditional Indian Spice powders, Spice mixes & whole spices. "SAAZ" was introduced in Mumbai / Maharashtra & Gujarat as an initial launch market & today we are successfully available across 21000 retail outlets in these states, "SAAZ" is also positioned in prominent Modern Trade retail giants like Reliance / Big Bazaar / Magnet / CityFresh & easily available with reputed online portals like Big Basket.com & Greencart.in. Needless to say this genuine growth has been possible mainly due to fine product quality, authentic aroma & pure traditional Indian taste of "SAAZ" available at an affordable price.

NHC Foods also specializes in assorted items and acts like a one stop shop to fulfill your grocery needs

To execute its manufacturing process with full adherence to international standards of quality, NHC has a world class facility manufacturing unit spread across 4 acres of land in southern Gujarat, India and to ensure smooth operations of its export division. The facility is set up in complete moisture and dust free atmosphere, thus ensuring maximum assurance of adherence to Food Safety Management system. NHC Foods Ltd has set up a 10000 sq ft modern facility at Navi Mumbai (West India). The facility being in close proximity to major shipping ports & The Agricultural produce market committee (APMC), ensures timely receipt & dispatch of its consignments.

The Research & Development team at NHC Foods Ltd keeps abreast with market breakthroughs, and constantly works towards achieving a competitive edge to deliver the best product in the industry to its customer. Apart from a centralized R&D Laboratory housed at its plant, the units are also equipped with state - of - the - art technology & specialized microbiology labs for quality control, testing of physical parameters and maintenance of chemical stability. This system also enables NHC Foods Ltd to comply with the standards specified by any other importing country, thus giving us an opportunity to cater quality product to maximum customers.

With continuous investment in equipments, technology, NHC Foods Ltd ensures constant quality & products that are second to none. This has enabled NHC group to enjoy an outstanding track record of compliance over the years, and establish loyal client base globally.
