

Swastik International, established in 2006 is a Merchant Exporter of Agro Commodities. It has achieved a phenomenal growth in exports and was awarded as Star Export House in 2009 and as Trading House in 2014 by Government of India.

The main aim with which Swastik International works is to provide best quality commodity and providing best services with timely shipments and this has been possible because of long standing relationship with manufacturers which ensures finest quality product at competitive rates and with other associates which ensures timely shipments.

With our expertise and experience, Swastik International has an edge in procuring the finest quality of product and it even offers wide range of products such as:

Spices – Whole Spices, Crushed and Grounded Spices

Sesame Seeds – hulled, natural, Z black, regular black, etc.

Groundnut Kernels – Bold and Java

At present we have offices at Qingdao, China; London, U.K and Canada.

Indian Spices holds a prominent place in the International market and entrepreneurs all over the world have started exploring the opportunity to acquire the Spices from India. **Swastik International** has very well grabbed such an affluent opportunity to expand its business and have thus established its existence in few more countries of the World.

Swastik International has its well established network and existence in U.S.A, U.K., CHINA, TAIWAN, VIETNAM, EGYPT, BANGLADESH, GERMANY, CANADA, etc.

To work on a larger scale in this huge market of Spices we are even coming up with a high end automated unit which will be a Spice processing and manufacturing plant named **GRANNY'S SPICES (INDIA) LLP**. This plant will be set up in such a way that complete process of Cleaning, Sorting, Grinding, Blending Steam Sterilization and Packaging will take place under one roof. This unit will be equipped with the best machineries and mechanism for Cryogenic Grinding and Steam Sterilization.

Our target market for the products manufactured at **GRANNY'S SPICES (INDIA) LLP** will be hoteliers, snacks and fast food manufacturing companies, multinational fast food chains and outlets, etc. We will even be entering the domestic market with consumer packing of various sizes.

The goal with which this manufacturing unit has started taking a shape is to develop a place where highest standards of hygiene, cleanliness and purity are maintained. This unit has a vision to provide its customers not only powdered spices but even blended spices and gradually formulating and manufacturing different types of seasonings and instant mixes.
